## Overdraft services

We offer two types of overdraft: arranged and unarranged.

We may request repayment of part or all of an overdraft at any time and/or reduce any overdraft limit at any time, but we will usually give you advance notice.

**Arranged overdraft** – This is an overdraft we agree in advance. We'll confirm the terms of your overdraft in writing.

**Unarranged overdraft** – This is agreed when we allow a payment or take an amount out of your account despite having a lack of funds in your account (or under an arranged overdraft) to cover the payment in full.

Any type of borrowing shows up on your credit file. However, an unarranged overdraft can negatively impact your credit file and may make it harder for you to obtain credit in the future.

You will usually pay debit interest in return for making use of overdraft facilities. You can find the details for your account in the table overleaf.

## Overdraft charges cap

We are committed to charging you fairly for our products and services and helping you to stay in control and manage your money. We have a cap on interest for any type of overdraft (arranged or unarranged) in one charging period. This means that the most you will ever pay for using an overdraft per charging period is £60. We explain more about how this works in the table overleaf.

## Financial difficulties

Should you be experiencing financial difficulties and be unable to keep up with bill payments or your income falls, we would recommend that you contact us as early as possible. We will be happy to discuss your needs and to help you understand what options might be available to you. You can get further information by calling **03457 212 212†**.

## Maintaining the Account - Monthly subscription fee for your current account

You are required to pay a monthly subscription fee for some of our current accounts. Where a monthly subscription fee is payable, it will be collected from your account, on the first Business Day of every month.

After 12 months we may withdraw or reduce this overdraft, and will let you know if we do so. You can find out your agreed overdraft limit by logging on to Online Banking.

**smilemore.** An overdraft of £500 comes as standard with this account. After the first 12 months we may reduce this overdraft, and will let you know if we do so. We will not reduce it below the £260 interest free overdraft which will always be provided as standard on this account. For arranged/unarranged overdrafts over £260, we will charge debit interest at an **Annual Interest Rate of 35.9% (Variable)\***

\*Annual Interest Rate. This is the interest on the money you borrow, equivalent to if you borrow the money for a whole year.

### Monthly cap on unarranged overdraft charges

The monthly cap on unarranged overdraft charges for your current account is £60.

1. Each current account will set a monthly maximum charge for:
  - (a) going overdrawn when you have not arranged an overdraft; or
  - (b) going over/past your arranged overdraft limit (if you have one).

2. This cap covers any:
  - (a) interest and fees for going over/past your arranged overdraft limit;
  - (b) fees for each payment your bank allows despite lack of funds; and
  - (c) fees for each payment your bank refuses due to lack of funds.

This is a standard definition to allow you to compare unarranged overdraft charges across different providers, but in practice we don't actually charge fees for allowing or refusing a payment where you have a lack of funds.

The monthly cap refers to the interest applied in a charging period, not a calendar month. We explain what we mean by this below.

### Overdraft charges cap

We have a cap on interest for any type of overdraft (arranged or unarranged) in one charging period. We have set this at £60. This means that the maximum you will ever pay for using an overdraft per charging period is £60.

Once the £60 cap is reached, we will waive any further interest for that charging period.

### Charging period

Unless we tell you otherwise on your statement, the charging period used for interest, commission and charges is the fifth day of the first month of the charging period to the fourth day of the next month. Please note when these dates do not fall on Business Days the charging period will begin or end, as applicable, on the next Business Day. Please check your statements for details of any interest or charges that may be applicable.
