Customer Testimonial: The Isaac Newton Trust

“ The **Isaac Newton Trust** is delighted with the smooth and straightforward onboarding process and so pleased to be partnering with a bank whose **values and ethics** are in alignment with our own.

The accounts and online banking were **set up within days** and refreshingly simple to administer. Plus interconnecting the new accounts with Xero, our accounting software, has been seamless.

Communications throughout the process have been **excellent**. It has been good to have your immediate and dedicated support. ”
